

Miguel Burillo

In my professional life, I manage multiple residential real estate properties and invest in commercial real estate.

As a Board Member, I am deeply honored to be part of Grant's Crusade, a cause that holds profound personal significance for me. This foundation was created to honor my little brother, Grant, and through our efforts, we provide meaningful support to children and their families.

Grant was truly special in so many ways—full of life, energy, and a spirit that made my own life better just by being around him.

Through his memory, the Foundation will make a lasting impact, helping countless people in need.
